Subject: Lynn Canal Highway

Please add my name to the list of fiscally responsible Alaskan's supporting the continued funding of the Lynn Canal Highway project. I believe the long term economic & environmental benefits for both present & future generations outweigh the perceived negative. Our continued dependence on the aging Marine Highway System up/down Lynn Canal, for both commercial & recreational transportation is short-sighted. It's time to look to the future & build roads where possible which will allow improved ferry service where roads are not possible.

Looking forward to a speedy highway completion - all the way to Skagway, Karen Hansen
